### FIRE LOSS FOR SIX MONTHS OVER \$1,000,000

Oklahoma City, Ok., Jan. 20.—The report of State Fire Marshal C. C. Hammonds, covering the six months of 1911 following his appointment, shows that during that period the fire loss of the State, reported to the department, was \$1,422,010.11. Of this amount \$607,230.50 represents the loss on buildings and \$814,779.55 is the loss to contents.

The destructive fire at Medford puts Grant county first in the amount of loss sustained, with a total of \$234,955. Muskogee county comes second with a

loss of \$186,495. Pontotoc county stands third by reason of a cotton compress fire at Ada with a loss of \$80,000, and Comanche county fourth due to bad fires at Chattanooga, Cache and Faxon. The total loss in Oklahoma county, the biggest county of the state in population, was \$35,823.32.

There were a total of 713 fires, Oklahoma County leading with the greatest number, seventy-one.

## Fumigate, Disinfect

PURIFY THE PERSON AND CLEANSE  
AND FUMIGATE THE PREMISES

While our town is considered free from Meningitis, it is also wise to keep it so. This can be materially aided by the timely use of disinfectants in the house and about the premises; the use of the Nasal and Throat Atomizer, Listerine, Glyco-Thymoline, Septoline, Euzamol, PEROXIDE OF HYDROGEN and various other anti-septic agents which can be found at any up-to-date drug store. Insist on S. & D.'s or Nyal's Peroxide—25c Bottles.

### CLARK WILL LEAVE IT TO MISSOURI CONVENTION

Washington, Jan. 21.—Speaker Champ Clark of the house of representatives, in answer to an editorial in the St. Louis Republic, today announced that he will not be a candidate for president before the democratic national convention unless he is endorsed by the Missouri state democratic convention to be held at Joplin February 20.

Former Governor Folk of Missouri, Mr. Clark's rival for the endorsement of the Missouri democrats, is understood to have made a similar announcement in St. Louis last night. The fact that Mr. Folk received the endorsement of Missouri democrats at their last convention has been a source of no little embarrassment to Mr. Clark and his friends for many months. Mr. Clark has been debarred from making any fight for the nomination, although his friends have been exceedingly active in his behalf.

Mr. Folk has not chosen to recognize his candidacy to the extent of agreeing not to contest the endorsement in Missouri so that the Clark following in that state can now make an open fight for delegates which it is understood will be led by Senator William J. Stone.

Following is Speaker Clark's statement: "I always have supported the democratic nominee. I never bolted or scratched a democratic ticket or nomination in my life; that is a matter of common knowledge in Missouri everybody knows it and I am too old change my habits now. So far as I am concerned the decision of the Missouri democracy settles the presidential matter. If by any accident I lost Missouri I will forbid the further use of my name in that connection and will support the nominee of the Joplin convention. I am glad Governor Folk promises not to bolt."

I have moved my office from the First National bank building to the Rodke building on East Main street, R. F. King, M. D. 244-100

#### They Saw the Elephant.

Yesterday B. H. Frick, wife and son and A. B. Yeager were the guests of J. E. Henry and wife at Stonewall, and visited the winter quarters of the Henry show. Mr. Henry began the show business a few years ago with only four wagons, but today it is the largest wagon show on the road. Mr. Henry has a good sized menagerie which he is constantly enlarging, and with the other additions he is making will soon have the show ready to take the railroad. The News would like to see this show moved to Ada for its winter quarters. Not only has it a good pay roll, which will increase as the show grows larger, but the menagerie will be quite an attraction and a treat to both young and old. Furthermore, and most important of all, this show while on the road would advertise Ada quite extensively and that in itself would make the show worth going after.

### NO PROHIBITION ELECTION THIS YEAR

Oklahoma City, Ok., Jan. 22.—The local option and high license movement through which it was proposed to repeal constitutional state-wide prohibition has been abandoned owing to recent court decisions prolonging the dryness of former Indian Territory for twenty-one years. This announcement was confirmed today by T. H. Heiny, an Oklahoma City business man, who was secretary of the organization behind the initiated bill intended to repeal prohibition as expressed in the constitution and put the liquor question up to the legislature. The bill was filed with the Secretary of state nearly three months ago.

According to Mr. Heiny, the petitions bore about 45,000 signatures, and more than 100,000 could have been obtained by Jan. 26, the expiration of the ninety days allowed by law for completing an initiative petition. The cases upon which the damper-casting decisions came are to be appealed to the supreme court of the United States, and if they be reversed and it is held that only the state law is applicable, it is understood, the movement is to be resumed.

Determination to abandon the petitions resulted from a visit east side local optionists made to Oklahoma City with the information that if the area was to remain dry for the period mentioned they would support no movement proposing to afford intoxicating beverages to the west side alone. In the face of opposition from one-half of the state, the organization ceased work, and the petition on file will go by default.

### WILLIAMS AND KIRK

MAKE A BIG HIT FOR CHAMP  
CLARK—CREATE MORE EN-  
THUSIASM FOR MISSOURI  
MAN.

Saturday evening the Clark followers had their inning at the city hall when Judge R. L. Williams of the supreme court and Gen. Brant Kirk addressed a good sized audience at the city hall in the advocacy of the Missourian. Both gentlemen were well prepared to speak on the subject before them and made some telling points.

Judge Williams spoke first and appealed to the voters for Clark on the several points that make him the logical candidate. He showed his availability in that he is the first leader the democratic party has had in years that all have willingly followed. As a minority leader he brought harmony out of chaos and made the minority a most effective fighting machine and one that eventually stripped Joe Cannon of much of his power. As a leader of the majority he has been equally as successful, and under his leadership the house redeemed every pledge made by the platform of the party at the last election. The party must go before the country and stand or fall on the record made by the democrats of the present congress, and in nominating Clark the party will have only one record to defend, while if it goes to another, the party must defend his record as well as that of congress, a task entirely unnecessary.

Oklahoma, he said, should give him its support as a mark of gratitude for the manner in which he has always stood by the state and its people when they needed help. Alabama in its early days, stood by Gen. Jackson out of gratitude for his coming to them with the Tennessee militia when they were sorely pressed by the Indians. Until that time candidates had been nominated by congressional caucus, but Alabama broke away from the established precedent and supported Jackson, who in his second race was elected.

He mentioned the fact that Tennessee in the days of Jackson and Polk was more of a western state than is Oklahoma today, yet the people rallied to the support of the western men. Illinois was a frontier state in 1860, yet the republican party turned down its eastern candidates and nominated Lincoln, and even since then has usually come west for its presidential material, while the dem-

*Shaw's Nickel Store*  
THE COMING CASH DEPARTMENT STORE

S. M. SHAW, Prop.

ocrats have gone east most of the time, and have usually gone down in defeat.

The democrats in 1844 nominated Polk, the Tennessean, and speaker of the House for the presidency and triumphantly elected him. The tariff was the issue then, just as it is today. The Walker bill enacted during Polk's term, was the best ever passed and continued in force until the civil war made it necessary to raise more revenue. Clark is also a great tariff reformer, and if history repeats itself will be nominated and triumphantly elected, and the tariff once more put on an equitable basis.

Although Judge Williams covered the ground thoroughly, Mr. Kirk had some excellent things to say, and devoted a good share of his speech to emphasizing and clinching points

made by the first speaker. In his humorous way he dealt some telling blows, and was frequently applauded.

## ANNOUNCEMENTS

The News is authorized to announce the following gentlemen as candidates for the offices named, subject to the action of the Democratic primary in August.

Register of Deeds  
D. W. SWAFFAR

Richeson, the confessed murderer of his sweetheart at Boston, is said to be somewhat cut up over the prospect of death. No doubt he considers the electric chair as a most shocking experience.

Cummins of Iowa has declared himself a presidential candidate. Cummins has always posed as an insurgent, but it looks very much like he has come out to split the insurgent vote with LaFollette and thereby clinch the nomination for Taft. Verily, politics is a great game.

Democrats everywhere will rejoice in the fact that the factions in Tennessee have laid aside their differences and that harmony once more reigns in the Volunteer state. With Patterson eliminated there is no longer any reason why the party should be split up and keep up a fight within its own ranks. The leaders are to be congratulated on their sound judgment.

Press reports state that congress will appoint another committee to probe into the reasons for the high cost of living. The probe may be a good thing, but we seriously doubt if it finds out anything more than we already know. The only immediate way of relieving the situation that we see is by kicking a few bricks from the tariff wall. If prices on other necessities of life are lowered, people will have more to pay for food, even if it is high.

The hope of the state lies in the better education of its citizens. It is not necessary to educate every man for the legal, medical or other professions. The state needs thousands

## SENATOR GORE

## DEFENDS WILSON

Washington, D. C., Jan. 20.—Sharply criticising the foes of Governor Wilson, who have taken advantage of the break between the New Jersey executive and Col. Harvey, Senator Gore, of Oklahoma, today sprang to the defense of his favorite for the democratic presidential nomination. In speaking of the incident which has set the political tongues to wagging the nation over, Senator Gore said late today:

"This whole Wilson-Harvey-Watson incident is a bubble, not a billow. It is not surprising, however, that the opponents of Wilson and the friends of other candidates should mistake the one for the other. It seems that the head and heart of governor's offending is that he told the truth.

"No honest man can accept an office, least of all the presidency, with a lien upon his conscience or his conduct. Continuous support implies and imposes some obligation upon him who consents to accept it or who acquiesces in its continuance.

"No one has plenary power to select either his friends or his opponents in politics. To decline tendered aid and alliance is a most difficult and delicate task. Few men have the courage and the candor to do this when battle is joined. But in the light of higher ethics and politics it is better to decline support in advance, no matter what the sacrifice than to renounce the obligation after the service is rendered and the benefit enjoyed. To do this in the face of danger is an act of moral and political heroism in which few men are capable. Preadventure, the governor may have learned by experience that there are men who would undertake to cap

italize gratitude and to commercialize influence.

"He may have thought it just and timely to foreclose the possibility of such an attempt hereafter.

"The critics of Governor Wilson should tell the public frankly whether their candidates would assume such an obligation as the governor declined, and, if so, whether their candidates would disregard or would discharge such obligations. The American people have a right to know the text and terms of all mortgages and deeds of trust, either expressed or implied, under which a candidate for the presidency may labor, and they have an equal right to know the names of all the mortgages and beneficiaries of the trust. I would rather see Governor Wilson defeated with his heart an open book 'that all who run may read,' than to see him triumphant with a skeleton in his political closet which has been concealed from the eyes of a confiding public."

### FOR SALE.

Four room house and three lots on Fourteenth and Stockton, 1750 cash. Also two room house and six lots on Thirteenth between Cherry and Stockton \$550 cash. W. F. Brundrett at the O. K. Wood yard or phone 169.

### New Merchant Arrives.

M. C. Wilson, one of the members of the Stephens-Wilson Co., which is preparing to open a big department store in Ada, has arrived with his family and has moved into the Will Netherly place on Rennie. Mr. Wilson states that unless something unexpected happens, his firm will be ready for business by February 15. In other words, as soon as the work of remodeling the quarters is completed the firm will begin business.

### Symptoms of Meningitis.

To relieve the uncertainty of many people who may be alarmed over the meningitis situation, the News publishes the following symptoms of the disease as given by Dr. King at the request of the reporter:

Fever, chilliness, soreness of all muscles, aching all over, especially in back and head, nervous, easily excited by light sounds, sick stomach and vomiting, intense soreness, constipation, fever not very high, patient inclined to draw head backwards.

### How He Broke His Resolution.

An Ada man, who swore off from smoking the first of the year, but who has not yet lost his longing for a fragrant cigar, took a mean advantage of his wife to secure her consent to his breaking said vow. He called her up over the phone and told her that a doctor had said that a man who smoked would never be attacked by meningitis and wanted to know if he should also bring home a pack of cigarettes for their four-year-old son.

The Majestic theatre offers some of the strongest features this evening ever presented in moving pictures. One of these is a story of the never ending conflict between the revenue officers and the moonshiners of the Kentucky mountains, and in this one a girl plays a very prominent part. Full of thrilling interest from start to finish. Then comes two of Edison's masterpieces, "At the Threshold of Life," and "The Red Cross Seal."

### ANY BANK MAY BECOME NATIONAL DEPOSITORY

Washington, Jan. 22.—For the first time in history, the way has been opened, it developed today, for state banks and trust companies to become known as "United States depositories." According to the view of the treasury department, any financial institution in America, national or state

bank or trust company—holding postal savings deposits or other government funds may assume that title without legal impediment, even though the designation is not officially conferred by the secretary of the treasury.

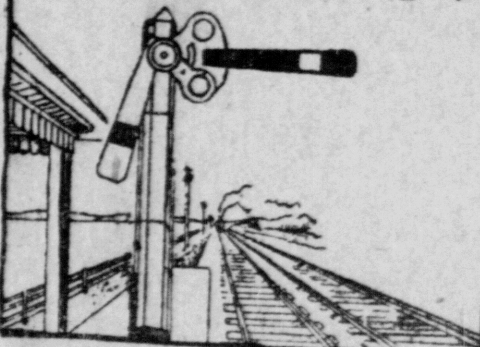

The privilege of becoming known as a depository of the nation's funds is much sought by every bank in the country, because it is presumed to convey an advantageous impression of character and stability. Of the 7,300 national banks, only about 1,400 are officially designated as "United States depositories."

### Not at All Strange.

A Toledo girl, who goes into trances, can sing and whistle simultaneously while she is in such a condition. Probably she was an office boy in some previous incarnation.

## SAFETY!

It is all right to have enough wood around so the tramp can pay for his meal and for kindling and grate fires but it will not give you a uniform heat. Nothing better than Coal for general heating purposes. Don't forget that there are different kinds of Coal. Be sure you buy heating quality, not simply weight. Slate and rock are heavier than coal and cheaper.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

## The Revenue Man and the Girl

Biograph's tense and dramatic story of the Kentucky Mountains, which gives some of the Biograph players a chance to do some remarkably human and poignant acting. The story is like a mountain torrent now lashed into a white foam; deeply emotional, like a pine-shadowed pool. It is produced and acted to give a lasting impression.

## "At the Threshold of Life"

Edison's Great Educational Production.—This picture, produced under the auspices of the National Kindergarten Association, is a picture with an educative purpose, and like a former Edison picture.

## "The Red Cross Seal"

It tells a heart-interest story, and a good one. The same players have leading parts in both pictures and do as well in this as in the former. It is a picture that stirs human feelings and affections.

ADMISSION . . . 10 AND 15c.

### FOR SALE.

1028 1-2 acres of land in Terrell county, Tex., on Southern Pacific railroad, 320 acres fenced with wire, a good three room box house, good story and one-half barn, land all smooth, level prairie, joining town of Dryden, which has a population of about 2000 inhabitants. Will sell cheap for cash if sold within next ten days. Will take some trade. This land is in one of the healthiest countries in the U. S. Good soft water. Immigrants are flowing into that country rapidly. Finest opportunity in the U. S. for a poor man. In 1911 the sea-

sons were perfect and at present the range is fine. No cold northerns to interfere with stock raising which keeps fat the year round. The country is just now at its best. Taxes low on 1028 1-2 acres. In 1911 taxes amounted to only \$11.35. Here it would be about \$400. If you want a good bargain, now is the time. I have abstract of title from Comptroller. It is perfect.

Also will sell lease and furniture of a newly furnished two story brick hotel on Main street, Ada, Okla.

246-2t O. B. FISHER, Ada, Ok.

## CALUMET

### BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

Use CALUMET—the Modern Baking Powder.

At all Grocers.

Received Highest Award World's Pure Food Exposition

## TWO CASES OF MENINGITIS

Son of I. N. McClure and Daughter of Geo. Houser Die from the Disease—No Occasion for Alarm.

Two cases of meningitis have appeared in this vicinity, both resulting fatally. The first was a small son of I. N. McClure, who lives a few miles from town, and who died Sunday about noon. He had been ill only two days, and was not thought to be threatened with anything serious, but was beyond help when the physicians examined him. The other death was that of little Pearl Houser, daughter of Geo. Houser, who lives at 301 W. Main street. The little girl died this morning after an illness of two days, and like the other case was not considered serious until too late.

Naturally the appearance of the disease has caused considerable uneasiness among the citizens of Ada, but the physicians and health officers are not especially alarmed, because no other cases are known to exist.

The city council held a meeting this morning after an investigation, decided that no occasion exists justifying a suspension of the city schools, but appointed a special committee, composed of Mayor Chapman, Aldermen Ratliff and Evans, and Drs. Faust and Craig, county and city health officers, respectively, which committee shall have plenary powers in handling any situation that may arise.

It was also ordered that a general cleaning up be started at once. The officers will not wait for the individual citizens to make up their mind whether they will clean up or not but will at once employ men to do the work in places where the individuals have neglected to do so, and then tax them with the costs. The cheaper way is to clean up without waiting for the officers to attend to it.

Dr. Faust, the county health officer, stated to the reporter that cleanliness is the main thing needed now, but that any one who feels uneasy might do well to use a nose and mouth spray. In short, there is no cause for panic, although it is well to take ordinary precautions.

The News will keep a close watch on the situation, and promises its readers that whatever comes up will be reported fairly without any effort to suppress the facts, for when people hear all sorts of unfounded rumors they are much more likely to be seized with panic than when the real facts are made public and nothing held back.

## H. J. BROWN ANNOUNCES FOR RE-ELECTION

The News is authorized to announce Judge H. J. Brown as a candidate for Justice of the Peace for the Ada Precinct, subject to the action of the democratic primary in August.

Notwithstanding the usually accepted notion that anybody can make a good justice of the peace, it really requires the service of a man who takes the time to study and familiarize himself with the statutes. Many knotty points are raised by attorneys, and unless the justice knows some law himself, there is every chance of error and delay. That Judge Brown is fully competent to meet any emergency, is shown by the fact that out of over 100 cases appealed from his court, only two or three have been reversed. Can any one beat this record?

Two years ago Justice Brown not only had no opposition, but it being a foregone conclusion that practically all of the business would be taken before him, anyway, no democrat took the trouble to file as a candidate for the other justiceship allowed in cities of the first class, leaving the way open for the republican nominee. At all events, no better material than H. J. Brown can be found anywhere.

Cash Grocery Store.

I wish all my friends to know that I am now in the grocery business. When in need of something in my line, consult your taste and your pocket book and you will then give me a trial order.

R. C. JETER,  
Rollow Bldg., Main St.

The News is informed that the normal auditorium has been thoroughly fumigated and no possible danger of meningitis or any other disease, for that matter, can exist to those who attend the concert this evening given by the Trier Sisters. Don't be alarmed just turn out and hear something grand.

## Trier Concert and Opera Quintette

Monday, Jan. 22, 8 p. m. Normal Auditorium

HOOK CERTAIN TO BE NAMED AS JUDGE

Washington, Jan. 22.—Among friends of President Taft it was generally understood Sunday night that the nomination of U. S. Circuit Judge Hook of Kansas to the supreme court succeeding the late Justice Harlan would be sent to the senate during the present week. Objections to Hook that reached Attorney General Wickensham, it was said have not proved convincing to the president and he is inclined to make the appointment shortly.

The president got back from New York early Sunday. French Ambassador Jusserand returned with him. The president did not go to church Sunday as he usually does but remained in the executive mansion.

Comanche Will Furnish Seed.

Lawton, Ok., Jan. 20.—That Comanche county will care for its own farmers who are in need of help in obtaining seed for spring planting was given assurance at last night's meeting of the Lawton Chamber of Commerce when the question was brought up on a statement coming from J. T. Howard, president of the Comanche County Farmers' Institute, that many farmers throughout the county will need such assistance.

## ADDITIONAL LOCAL.

Gee, but there's going to be a bunch at the DeSota Tuesday.

For anything to read go to the Model Confectionery or Harris Hotel Cigar Stand. 196-11

Even standing room was at a premium the other night at the Trier Sisters' entertainment. The company is composed of five sisters, four of whom are two pairs of twins. They are perfect ladies and made many friends during their short stay here. —Norfolk, Nebraska.

The Trier Concert Company, a novel combination of five sisters, gave a concert last evening in the Buffalo Orpheus rooms, under the local management of Carl Mischka. Both the performers and the manager had reason to congratulate themselves, for the audience was large and enthusiastic. —Buffalo Express.

J. H. Lucas has accepted a position in the First National Bank here as cashier and will assume his new duties as soon as a bookkeeper arrives from Texas to take his place at the Stonewall Trading Co. A well deserved promotion for Mr. Lucas and all his friends are congratulating him. —Stonewall News.

Don't miss the concert at the Normal auditorium Monday evening. The Trier Quintette is composed of ladies whose talent has won much praise wherever they have appeared.

The normal quartet, composed of Ray Palmer, Grady Mathews, A. L. and Longley Fentem left this morning for Okemah where they, assisted by Misses Mary Kate Baker and Kendrick, will give one of the high class concerts for which this little crowd is famous.

Judge T. D. McKeown and S. G. Ashby have consented to address the next meeting of the Confederate veterans, which takes place on the afternoon of the first Sunday in February. A good turn out is expected at that meeting, for the work of preparing for the division reunion is now under way.

J. W. Beard, W. F. Schulte, M. Levin, T. W. Chadwick, A. J. Bullock, C. T. Barney, U. G. Winn and J. R. Young left this morning for Coalgate to attend the meeting of the republican convention for the Fourth district.

Yesterday afternoon the funeral services of Mrs. J. E. Winn were held in the presence of a large and sympathetic audience of friends and relatives, after which the remains were interred at Rosedale cemetery. The universal esteem in which the deceased was held was well shown by the large number who followed the remains to their last resting place.

## House and Lot for Sale.

The trustees of the First Presbyterian church offer for sale building and grounds at Townsend and 15th street which is suitable for church purposes or easily converted into a residence. 246-21

## The "Tour of the Prairie."

Made by Washington Irving in 1832 is one of the most interest historic sketches of Oklahoma.

The Boy Scouts of Oklahoma, are going over Irving's trail early in the spring and will mark it with appropriate monuments. You will be much interested in a map of this route and the story of his trip. Get them both in the Wide West Magazine by subscribing for the Ada News, daily or weekly.

The Wide West one year.....\$1.00  
The Ada News one year..... 1.00  
Both for \$1.25

Or you can have the Daily News three months and the Wide West one year for \$1.25.

Read Oklahoma literature in Oklahoma publications and begin now.

## Ada Local Calls Mass Meeting.

All Socialists of Pontotoc county are urged to be present at court house Saturday, Feb. 3rd, 2:30 p. m. for the purpose of organizing a county local and arrange to keep our organization in the county until every precinct has a local. We must have organization by so doing we will carry Pontotoc county and the state for Socialism this fall. Don't fail to be here. Yours for victory.

JAMES GOYNE, Chairman.  
W. W. RADER, Secretary.

## Frisco Superintendent Resigns.

Francis, Ok., Jan. 20.—S. H. Charles, superintendent of the Red River division of the Frisco Railway, has resigned, effective Feb. 1. Charles has been connected with the Frisco in various capacities for twenty-seven years. He is highly esteemed by the employees. His successor has not as yet been named.
